Figma UI Prototype: Personal Assistant App

1 Pages / Screens

Login / Register

- Fields: Email, Password
- Buttons: Login, Register
- OAuth buttons: UW Learn, Google Calendar
- Design: Centered form card, rounded corners, shadow, accent color #0CA789

Dashboard (Today)

- Top: Mood widget (emoji + valence/arousal)
- Left Column: Today's prioritized tasks
    - Task card: Title, due date, est. time, bucket (Do / Schedule / Delegate / Drop)
    - Quick action buttons: Start Now, Schedule, Complete
- Right Column: Mini calendar + upcoming deadlines
- Design: Glassy cards (#FFFFFF alpha 0.8), shadows, rounded

Journal Page

- Textarea: large input for journal
- Mood slider / emoji picker
- History of entries with mood visualization (valence graph)
- Button: Submit
- Layout: Timeline view under input

Planner / Calendar

- Weekly view
- Drag-and-drop tasks
- Highlight high-priority tasks (accent #4C51BF)
- Modal: Confirm proposed slot

Insights

- Mood trends graph (7-day rolling average)
- Completion rate vs mood chart
- Weekly recommendations summary

Settings

- Work hours, notification preferences
- Privacy consents
- Account deletion

2 Design Tokens

Token	Value	Usage
Primary	#0CA789	Buttons, highlights
Secondary	#4C51BF	Accent, task priority
Background	#F7F9FC	Page background
Font	Inter / Poppins	All text
Card	#FFFFFF 0.8	Panels, task cards
Shadow	rgba(0,0,0,0.1)	Depth for cards

3 Components

- **Task Card**
  - Title, due date, est. time
  - Bucket badge: DO / SCHEDULE / DELEGATE / DROP
  - Mood icon (emoji)
  - Quick action buttons
- **Mood Widget**
  - Emoji icon reflecting valence
  - Arousal slider
  - Optional trend sparkline
- **Journal Entry**
  - Textarea
  - Mood slider
  - Tags

- **Calendar Slot**
  - Drag-and-drop task
  - Hover: show priority, mood suitability

4 Layout Guidelines

- Desktop: 2-column responsive
  - Left: tasks & journal
  - Right: calendar + insights
- Mobile: stacked view, collapsible panels
- Spacing: 16px baseline grid
- Typography: Header h1=24px, h2=20px, body=16px, small=12px
- Buttons: rounded 8px, hover effect primary/secondary
- Accessibility: contrast ≥ 4.5:1, keyboard nav, ARIA labels

5 Suggested Figma Workflow

1. Create **Components**: TaskCard, MoodWidget, Button, CalendarSlot
2. Create **Pages**: Login, Dashboard, Journal, Planner, Insights, Settings
3. Use **Auto Layout** for columns & cards
4. Use **Variants** for buttons and task cards (DO/SCHEDULE/DELEGATE/DROP)
5. Link components for interactions:
   a. Task card → modal for details
   b. Drag task → planner
   c. Submit journal → updates mood widget
